Priority Activities in 2006-07 are:

#### **Regional**

- Online Resource Center
  - NCLB scanning services
  - Electronic updates
  - Rapid Response services
  - Technical Assistance Descriptive Data System (TADDS)
- Annual Regional Forum

#### **State**

- **Alabama** - TA to identify reasons for gaps in state assessment scores and NAEP results; follow-up PD to reduce disparity.

PD/TA for Regional Inservice Center staff and Regional School Improvement Coaches in instruction and leadership.

- **Georgia** - Technical assistance and follow up to problem solving session to help the GADOE devise solutions for the disproportionate representation of special populations in low-achieving and high achieving categories as compared to other states.

Professional development in reading and questioning skills to staff at the Heart of Georgia RESA and the Georgia Regional Support Team.

- **Louisiana** - Support for LDE to assist districts and schools in using research-based knowledge for school improvement.

Professional development to support the implementation of the Louisiana Education Leaders Network, through the LDE personnel. To include:

- Training to support Louisiana Leadership through Administrator Development (LA LEAD)
- Trainings to support the Principals' Academy
- Review of Louisiana Virtual school Courses to make sure content is aligned with SREB principles

- **Mississippi** - On-going technical assistance regarding SEA implementation of USDOE NCLB requirements, and USDOE federal monitoring of federal programs

Continued professional development and technical assistance to MDE staff and MDE-identified service providers on improving classroom practices in MDE identified priority areas

- **South Carolina** - Leadership development sessions and activities for principals and key district leaders for three corrective school districts

Technical assistance for SDE evaluators of new curriculum to be implemented in corrective action districts.
